

Reflect yourself green in our headlights!

We know and realise that we have only one planet on which we live. Our products are carefully designed to minimize its environmental impact. The housing of NEXT headlights is made with low-carbon aluminum. Thanks to this, we are ready to fulfill the most stringent EU and ISO 14001 standards.

Be GREEN with us.

FX3

Compact design, multifunctionality, and a selection of the finest quality materials? In OE Industry, it's not fiction. Ahead of its time, we introduce the next generation of LED headlights – the OEI FX3. **The best on the market? YES! We give you our word!**

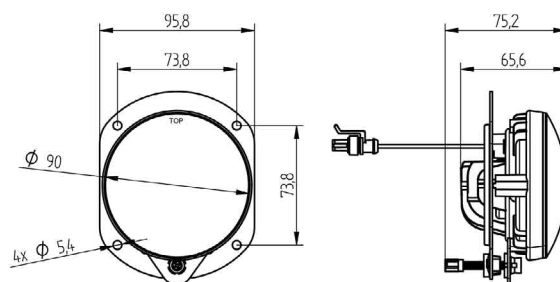

You might be asking: **what makes this particular headlight so special?**

The answer is simple. When designing our product, we were primarily guided by the expectations of both vehicle manufacturers and end users. In order to meet their needs, we have optimised production and selected the very best materials.

The result? In our new optical construction, you will find the perfect cut-off line of the light beam, and the size of the housing is superbly compact.

What else? The housing of FX3 headlights is made with low-carbon aluminum.

Why did we do that? Because in OE Industry the highest quality is always affordable.

Catalog number	OEI132003109_D
Model	FX3
Dimensions	Ø90 mm
Functions	fog light with cornering
Voltage	12/24V
IP Rating	IP6K9K
Connector type	Superseal
Approvals	ECE R10, R19, R119
